

2018 FLOWER GARDENS & STETSON BANK TRIPS

It's time to make your reservations aboard the M/V Fling!

The Flower Gardens Banks National Marine Sanctuary is a region of the Gulf of Mexico roughly 110 miles due south of the Texas-Louisiana border. It was designated a National Marine Sanctuary in 1992. The Flower Gardens Banks consist of two salt domes which have raised the ocean floor from the 400-foot depths in the immediate area to just under 70 feet in the center of the banks. These two plateaus are home to the northernmost coral reefs in the Gulf, hosting several different species of hard coral. The Flower Gardens Banks are also home to hundreds of species of Caribbean fish and sightings of large pelagics are frequent!

Nitrox is available at an additional charge aboard the Fling.

2 day trips are \$65 per person prepaid - includes the tank.

3 day trips are \$90.00 per person prepaid - includes the tank.

4 day trips are \$110 per person prepaid - includes the tank.
